

# ACS Consumer Goods and Services

Globalization and the Internet are giving consumers unprecedented choices for spending their disposable income. And with this empowerment comes a higher set of consumer expectations. A great product or low price alone no longer guarantees a competitive advantage or customer loyalty. In fact, it's not even about the product anymore. It's about the consumer.

Just as consumers expect more than just a great product, you expect more than a just a great outsourcing vendor. You expect a partner. That's why so many consumer goods companies like yours rely on ACS.

We'll come to understand your business vision and help you reach your goals. We'll develop a strategy in partnership with you. And together we will:

- Increase your consumer base
- Improve the way they do business
- Develop heightened revenue streams.

## Building Customer Loyalty

Service is the most important facet of the customer experience. It determines whether a customer will remain loyal or move on. We build loyalty by providing a consistently superior customer experience:

- On your customers' own terms
- At every touch point
- Every single time

## Our Services

We have 20 years of experience with consumer products and retailers around the world. We transform their non-core tasks into bottom-line gains, by performing those tasks better, faster and more efficiently.

# ACS Consumer Goods and Services

## Our Competitive Advantage

Some deliver outsourced processes; we deliver outsourced performance. In an industry where the consumer clearly rules, responsive customer-centric service is critical. So we leverage our considerable industry and subject matter expertise to provide heightened customer service.

In addition, we use best-in-class technology and streamlined processes to:

- Eliminate redundancies
- Improve customer satisfaction
- Reduce expense related to each customer contact.

## Transactional Services

Through comprehensive transaction processing services, we help you maintain control of mission-critical processes and stay ahead of the competition.

- Accounts Payable Processing
- Distributed and Central Image Capture
- Image Storage and Retrieval
- Intelligent Queue, Exception and Post-Processing
- Mailroom (Inbound/Outbound)
- Online Solutions
- Payment Processing
- Systems Engineering and Integration
- Workflow and Application Development

## Customer Care Services

Poor customer service can cost you business. Our contact centers provide the highest level of customer care and quality, maximizing technology to give your customers the best experience possible.
