

City 400

An Advanced, Flexible Onboard Ticketing Platform

City 400 by ACS is a sophisticated solution for onboard sales of tickets in trains, trams and buses.

Built specifically to accelerate the sales, it accepts all conventional forms of payment in multiple currencies, as well as electronic ticketing with contactless smart cards. City 400 is also suitable for stationary deployment, thanks to its large, user-friendly display.

Key Features

- Onboard sale of tickets in trains, trams and buses
- Accepts all conventional means of payment
- Electronic ticketing with contactless chip cards
- Suitable for stationary deployment
- Supports multiple currencies
- User-friendly with a large display
- Fast selling process

City 400
